and the others followed quickly. Their
stop here was brief.

The troops came from Fort Law-
ton and Fort Wright, Wash. They
were routed by way of Denver.

NEGLECTED IN ENGLAND
DESPITE EUROPEAN WAR

New York, May 14.—Although the
war has greatly curtailed play on
English golf courses, the game is far
from being neglected. The clubs with
links within each reach of the larger
cities are still popular particularly
on Saturdays and Sundays. The scar-
city of young men for the care of the
courses and for caddy-ing is however
developing problems which are not
easily solved and which have led to
some novel suggestions. It has been
proposed to use former soldiers, who
are incapacitated for further fighting,
as caddies, thus adding to their re-
sources, which in some cases are con-
fined to pensions. Flocks of sheep
to be driven from place to place about
the course are also suggested as a
means of keeping the greens and fair-
ways in shape without the attention
of the usual number of caretakers.

GERMAN NATIONAL AIR
IS SUNG BY IRISHMEN

New York, May 14.—A memorial
mass meeting of Irishmen was held
here tonight in honor of the leaders
in the recent Dublin rebellion who
have been executed. A telegram
from M. J. Ryan, of Philadelphia,
president of the United Irish league,
stated that he was in accord with the
purpose of the meeting and joined
with it "in denouncing the latest evi-
dence of British barbarity."
The audience cheered the colors of
the "Irish Republic" after which
they joined in singing "Die Wacht
am Rhein."

POLICE GET A HAT.
GIVEN YOUNG WOMAN
BY A CATTLE BUYER

Chief J. R. Galusha yesterday took
possession of a hat. It probably
would be described as a "dream"—
\$18 worth. A woman's hat? Look
at the price. The price, by the way,
had something to do with its com-
ing into the possession of the chief.
The milliner didn't get it quick
enough.

John Fulgrum, a cattle buyer, pre-
sented the hat to a young woman.
She delivered it to Chief Galusha in
the box. Fulgrum had not paid for
the "creation," say the police. Ful-
grum was jailed by Galusha. He was
arrested Saturday night by Capt. Pat
O'Grady, but released. He was
charged with vagrancy. The chief
arrested him again yesterday.

ORPET MURDER TRIAL
WILL BEGIN TODAY

Chicago, May 14.—The trial of Will
H. Orpet, the University of Wisconsin
student, on a charge of murdering
his sweetheart, Marion Lambert, will
begin at Waukegan tomorrow.

The evidence, it is said, will be
largely circumstantial. The essential
question for the jury to decide will
be whether the poison by which the
girl died was obtained by herself or
Orpet. The state will attempt to
prove that the defendant gave her the
poison and got her to take it by say-
ing that it was a medicine which
would avert motherhood.

Orpet's father and the father of
the girl both are gardeners employed
on big estates at Lake Forest, a sub-
urb. Both gardeners had a supply of
cyanide of potassium to fight plant
pests. The defense will allege that
the poison was as available to the
girl as to her former lover.

Young Orpet has been in jail
awaiting the trial for several months.

TRADEMARK REFORM IN
ARGENTINA BENEFICIAL

(Associated Press Correspondence.)
Buenos Aires, A. R., May 14.—
American manufacturers have been
put on a much firmer footing in Ar-
gentina as a result of reforms in
trademark legislation which were dis-
cussed by the international high com-
mission. No longer will it be possi-
ble, it is hoped, for a salesman or
agent to register the trademark of a
well-known product and then close
the market to the manufacturer.

Referring to the protection of the
courts, many unscrupulous persons
began to register well-known trade-
marks in use in the countries from
which Argentina imports her goods,
wherever they found that the owners
of the mark had not complied with
the legal requirements for registra-
tion.

Dr. Eleodoro Lobos, chief of that
section of the Argentine delegation
which discussed trademarks, recom-
mended that national legislation pro-
vide a stated time for the registration
of foreign marks when their owners
can prove that they have been pre-
viously registered in their country of
origin, it being incumbent upon them
to prove that in cases where the
mark in dispute has been registered
here. Protection of the honest trader
and cancellation of rights acquired by
fraud are the points aimed at and
new legislation along this line prob-
ably will be taken up at once.

ing Modern Industrial Problems."

Mr. Rockefeller is scheduled also
for an address tomorrow morning,
on "Every Christian Man at Work

Be Accomplished?" Another speaker
of the most pretentious program of
the conference will be Franklin
Roosevelt, assistant secretary of the

SPEED AND DASH OF
POLO REGISTERS HIT
WITH THE JAPANESE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
New York, May 14.—Japan, which
has adopted baseball, tennis and as-
sociation football as prominent fix-
tures in the Nippon sports schedule,
is having its first view of polo. Sev-
eral American and Canadian teams
which have been playing in the polo
carnival at Manila have arrived in
Japan and are playing exhibition
games. Reports from Tokio are to
the effect that the speed and dash of
the game has made quite a hit with
some of the wealthy Japanese sports-
men and that the formation of two or
three fours for a series of practice
games is expected in the near future.

MINISTERS ASKED TO
PREACH PEACE SERMONS

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
New York, May 14.—Letters signed
by former President Taft as head of
the League to Enforce Peace, and a
committee of prominent church men,
have been written to 10,000 clergy-
men throughout the country, it was
announced tonight, asking them to
employ in their sermons next Sunday
an explanation of the league's pur-
poses. It is admitted that "there is
no reasonable ground to hope that
the nations of the world will at this
stage go so far as to disarm and cre-
ate an international army and navy
to police the world."

"However," the letter says, "we
have not to the point where there is
ground for hope that at the end of
this war the community of nations
will do what every primitive commu-
nity sooner or later does; namely, unite
in forming a vigilance committee in
which they agree to use their com-
bined force to see that outlaws are
kept down and the peace maintain-
ed."

The letter adds:
"Shall we not say that if nations
must arm, the armaments shall be
used to support law rather than to
break it?"

DRY RESOLUTION IS
RULED OUT OF ORDER

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Indianapolis, Ind., May 14.—An at-
tempt to get a resolution calling for
state and national legislation to abo-
lish the liquor traffic adopted at the
national conference of charities and
corrections here tonight, failed when
the resolution was ruled out of or-
der. It was presented by H. P. Faris
of Clinton, Mo., who said he would
present it to the resolution commit-
tee of the conference tomorrow morn-
ing and demand that it be reported
with other resolutions tomorrow night.

The resolution condemns the li-
censing of the liquor business and de-
mands that the law-making bodies of
the United States and congress be
called upon to abolish the traffic by
whatever legislation that is necessary.
A spirited discussion is expected to-
morrow night.

AMERICANS ACQUITTED
OF SERIOUS CHARGE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Acapulco, Mexico, May 14 (By Ra-
dio to San Pedro, Calif.)—Acquitted
of responsibility for the destruction
by fire here of the American power
schooner General Mariscal, Alfred
Brow, Will Wig, George La Violette
and Frank Horn, officers of the ves-
sel, left for San Pedro today on the
American steamer Mayfair.

American Consul Edwards and
Capt. M. E. Trench, of the United
States cruiser Denver, secured the
men a prompt trial, which was con-
cluded late yesterday.

There is no anti-American feeling
here. All is quiet, according to
reports received today, on the
Mexican west coast.

SAYS COUNTESS LED
IRISH IN REBELLION

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
New York, May 14.—Dr. Cecil D.
McAdam, of Melbourne, Australia,
who was attached to the Royal Medical
corps of the British army during the
Gallipoli campaign and who was
besieged in the Shelbourne hotel in
Dublin, Ireland, during the recent re-
bellion there, arrived here today on
the steamship Philadelphia from Liver-
pool.

Dr. McAdam said he saw the coun-
tess Markievicz attired in man's
clothing and wearing a brace of re-
volvers, leading the Irish rebels. He
was informed, he added, that she shot
six of her followers, because they re-
fused to obey her orders.

Among other passengers on board
the Philadelphia was Colonel George
O. Squier, military attache of the
American embassy at London, who
will assume charge of the aviation
service of the United States army.

Dirigible Falls Into Sea.

Toulon, May 15 (12:45 a. m.)—A
dirigible balloon, which passed here
recently from Paris, fell into the sea
off the Sardinian coast. The six
persons aboard all appear to have
perished. The Italian authorities
sent a rescuing party which recovered
four bodies. These have been
brought here by a French warship.

New York, May 14.—Corporal Wil-
liam Cohen of Troop A, Fourteenth
United States cavalry, who was killed
by Mexican bandits on the Texas bor-
der, was buried here today with mil-
itary honors. Representative Isaac

ENGLISH INTERESTED
IN GERARD INTERVIEW

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

London, May 15.—The interview
with James W. Gerard, the American
ambassador to Germany, published in
the Koelnische Volks Zeitung, last
Friday, dealing with Secretary of
State Lansing's statement made after
President Wilson's last note to Ger-
many had been dispatched and deal-
ing with the existing arbitration
treaty between the United States and
Great Britain, is attracting wide in-
terest in England.

The treaty was ratified in the early
days of the war almost unnoticed by
the British public.

The English papers, commenting on
Mr. Gerard's statement, give full de-
tails of the terms of the treaty and
of the personnel of the so called per-
manent peace commission to adminis-
ter it. The Graphic, in a long edi-
torial headed "Our Friendship With
America," says:

"Two important facts stand out.
The first is that should any incident
occur to antagonize America and En-
gland the two nations could not come
to blows, if at all, until a cooling off
period for an inquiry which might
last a year. The second is that Amer-
ica could not join Germany and
fight against us until a similar course
of inquiring into the subject of the
dispute between ourselves and Amer-
ica expired, though on the other
hand she could join the allies without
any delay as far as treaty restrictions
are concerned. The treaty touches
most usefully the psychology of war."

Rebels Heed U. S. Warning.

Santo Domingo, Dominican Repub-
lic, May 14.—The warning of the
American minister, W. W. Russell,
that the city of Santo Domingo would
be taken by force unless it was given
up by the rebels not later than Sun-
day morning, resulted in the evacu-
ation of the city last night. The
rebel leaders, soldiers and rural
guards stripped the fort of guns and
war materials and withdrew from
the city, leaving civil police in
charge. They notified Mr. Russell
of their withdrawal.

Civilians Killed in Air Raid.

Paris, May 14.—An aerial attack
on Majadah, near the Greek-Ser-
bian frontier, southwest of Doiran,
in which fourteen civilians were
killed, is reported in a Havas dis-
patch from Saloniki. The raid oc-
curred on Friday. A number of per-
sons were wounded.

Another Zeppelin Destroyed.

London, May 14. (6:45 p. m.)—
The destruction of another Zeppelin
is reported in an Exchange Tele-
graph dispatch from Copenhagen. It
said the Zeppelin was brought
down off the west coast of Norway
and that three British destroyers
were in pursuit.

Robbers Still at Large.

San Diego, Calif., May 14.—Search

masked highwaymen, believed to be
Mexicans, who held up just this side
of the border late last night, an au-

Mexico. Two of the stage's five pas-
